There has been a lot of discussion about the Health Care Reform Act that was passed back in March. What is still not clear is how this will affect medical practices. Even though there are still unknowns, we have Liz and Moe from MSSNY who will clear out a lot of the smoke and give you a much better understanding of what the legislation includes.

You can RSVP on-line at <http://www.nymgma.com/conferences/registration.html> or you can call Debbie Goldman at 1-631-864-1960 at your earliest convenience. Be sure to specify dinner selections: Prime Rib, Chicken, Fish or Vegetarian. Credit card payment options are available through nymgma.com.
